

# Energy performance certificate (EPC)

|  |                               |                     |                          |
|--|-------------------------------|---------------------|--------------------------|
| Withnell Farm<br>Bury Lane<br>Withnell<br>CHORLEY<br>PR6 8SD | Energy rating<br><div>D</div> | Valid until:        | 20 August 2035           |
|  |                               | Certificate number: | 0289-2200-1205-7001-4504 |

Property type

Detached house

Total floor area

161 square metres

## Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions \(https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance\)](https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

## Energy rating and score

This property's energy rating is D. It has the potential to be B.

[See how to improve this property's energy efficiency.](#)

The graph shows this property's current and potential energy rating.

**Properties get a rating from A (best) to G (worst) and a score.** The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

- the average energy rating is D
- the average energy score is 60

## Breakdown of property's energy performance

### Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

| Feature              | Description                                  | Rating  |
|----------------------|--|---------|
| Wall                 | Sandstone, as built, no insulation (assumed) | Poor    |
| Wall                 | Cavity wall, as built, insulated (assumed)   | Good    |
| Roof                 | Pitched, 75 mm loft insulation               | Average |
| Window               | Fully double glazed                          | Poor    |
| Main heating         | Boiler and radiators, mains gas              | Good    |
| Main heating control | Programmer, TRVs and bypass                  | Average |

| Feature           | Description                       | Rating  |
|-------------------|-----------------------------------|---------|
| Hot water         | From main system                  | Good    |
| Lighting          | Below average lighting efficiency | Average |
| Floor             | Solid, no insulation (assumed)    | N/A     |
| Air tightness     | (not tested)                      | N/A     |
| Secondary heating | Room heaters, anthracite          | N/A     |

## Primary energy use

The primary energy use for this property per year is 206 kilowatt hours per square metre (kWh/m<sup>2</sup>).

► [About primary energy use](#)

## Smart meters

This property had **smart meters for gas and electricity** when it was assessed.

Smart meters help you understand your energy use and how you could save money. They may help you access better energy deals.

[Find out about using your smart meter \(https://www.smartenergygb.org/using-your-smart-meter\)](https://www.smartenergygb.org/using-your-smart-meter)

## How this affects your energy bills

An average household would need to spend **£2,359 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £734 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2025** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

## Heating this property

Estimated energy needed in this property is:

- 20,123 kWh per year for heating
- 2,944 kWh per year for hot water

## Impact on the environment

This property's environmental impact rating is D. It has the potential to be C.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO<sub>2</sub>) they produce each year.

## Carbon emissions

**An average household produces**

6 tonnes of CO2

**This property produces**

6.7 tonnes of CO2

**This property's potential production**

4.0 tonnes of CO2

You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

# Steps you could take to save energy

► [Do I need to follow these steps in order?](#)

## Step 1: Increase loft insulation to 270 mm

Typical installation cost

£900 - £1,200

Typical yearly saving

£94

Potential rating after completing step 1

65 D

## Step 2: Internal wall insulation

Typical installation cost

£7,500 - £11,000

Typical yearly saving

£449

Potential rating after completing steps 1 and 2

72 C

## Step 3: Floor insulation (solid floor)

Typical installation cost

£5,000 - £10,000

Typical yearly saving

£125

Potential rating after completing steps 1 to 3

74 C

## Step 4: Heating controls (room thermostat)

Typical installation cost

£220 - £250

Typical yearly saving

£64

Potential rating after completing steps 1 to 4

75 C

## Step 5: Solar photovoltaic panels, 2.5 kWp

Typical installation cost

£8,000 - £10,000

Typical yearly saving

£290

Potential rating after completing steps 1 to 5

81 B

## Who to contact about this certificate

### Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

**Assessor's name**

John Green

---

**Telephone**

07984350449

---

**Email**

[john.green@speedyepc.co.uk](mailto:john.green@speedyepc.co.uk)

---

## Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

**Accreditation scheme**

Quidos Limited

---

**Assessor's ID**

QUID208693

---

**Telephone**

01225 667 570

---

**Email**

[info@quidos.co.uk](mailto:info@quidos.co.uk)

---

## About this assessment

**Assessor's declaration**

No related party

---

**Date of assessment**

20 August 2025

---

**Date of certificate**

21 August 2025

---

**Type of assessment**
